

List of basic programs

- T21estCont_LS.sce - least squares estimation
- T22estCont_B.sce - Bayesian estimation with regression model
- T22estCont_B2.sce - Bayesian estimation (structure mismatch)
- T23estDisc.sce - estimation with categorical model
- T24iniCoin.sce - initialization of coin estimation
- T24iniReg.sce - initialization of regression model estimation
- T31preCont.sce - prediction with regression model
- T32preCont_Est.sce - estimation and prediction with regression model
- T32preCont_Real.sce - prediction with real data
- T35preDisc_OnEst.sce - estimation and prediction with categorical model
- T46statEst_KF.sce - Kalman filter
- T47statEst_Noise.sce - KF as noise filter
- T53ctrlX.sce - optimal control with regression model
- T54ctrlXEst.sce - adaptive optimal control
